

Going to the Autism Society: Grand Falls-Windsor Office.

I am visiting a new place today. I will play and meet new friends. When I arrive, I will open this door.

I will enter the main lobby and follow the signs to the office door. The door is at the end of the hallway.

Once I find the door, I will open it.

It is important that I wear my mask and
sanitize my hands. All clean!

My family and I may have to wait here until a staff is ready for me. It won't be long.

I can visit the multipurpose room. It has so many toys to choose from!

There are even books for me to read while I wait. So much fun!

I can be creative and make a cool craft!

I can lie down in the tent if I like. It is so relaxing!

My family may meet with Jeannette in her office while I play. Jeannette is so nice!

That was so much fun! I can't wait to come back.
